 Hometown Harvest of Southeast Iowa

Local Food Guide

Hometown
Harvest
SOUTHEAST IOWA 

Vision:

To develop a healthy local food system for present and future generations.

Mission:

To cultivate a sustainable healthy food network by bringing together local producers and consumers in Southeast Iowa.

Goals:

- 1) Increase food production by educating and recruiting new producers
 - Farm to school
 - Create more markets
 - Teach better business practices
 - Recruit, support and train new producers

- 2) Coordinate production to meet the demands of local markets
 - Survey demands of consumers
 - Facilitate production coordination

- 3) Develop local processing, distribution and marketing channels
 - Assessing needs for the system
 - Feasibility of systems
 - Revolving loan funds
 - Partnerships with others to assist in risk management

- 4) Educate consumers regarding the benefits of healthy local food
 - Marketing campaigns
 - Collaborations among local food advocates
 - Develop a ppt of talking points for everyone to use in the community

- 5) Building strategic partnerships/collaborations among stakeholders
 - Identify stakeholders (funders, institutions, producers, consumers, and wholesale middle man), building agreements, and building demand for local food
 - Create risk management training & tools
 - Build awareness --- create opportunities.
 - Hold community events – tasting events, tours of farms, celebrations

Hometown Harvest

SOUTHEAST IOWA

Purpose of the Organization:

What are the opportunities or needs that we exist to address?

- We will strengthen our local food system and economy through education and networking.

Business of the Organization:

What are we doing to address these needs?

- We are developing an infrastructure that educates consumers and producers, develops partnerships, and strengthens and diversifies local economic development, including promotion of diversity in our local diet.

Values of the Organization:

What principles or beliefs guide our work?

- We believe access to affordable, healthy local food is vital to a sustainable community
- We believe in nurturing the relationship between local producers and consumers
- We believe in building capacity for year-round local production & consumption
- We believe that local food systems create and multiply wealth for our local economy
